

## CONSTANT FORCE SPRINGS

### EXPERIENCE MATTERS

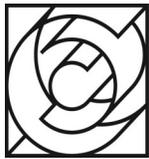

With over 80 years of combined experience in the Spring Industry, Constant Force USA can help you design or recommend a spring for your application.

### PROTOTYPE & SHORT RUN PRODUCTION

Need a few springs to sample or a small quantity for a project, Constant Force USA specializes in Prototype and Short Order Production Runs.

### LONG TERM COMMITMENT

In an effort to provide the highest level of customer service, Constant Force USA is committed to developing and maintaining long term partnerships with customers that have high volume production needs.

# CONSTANT FORCE USA

*The Force Behind Your Success*

**Constant Force USA** is a manufacturer of constant force springs designed for various applications and industries. Our product is manufactured utilizing state of the art technology. Combining our engineering background with our manufacturing methods, Constant Force USA is capable to deliver high quality products even in the most complex of applications.

### About Constant Force USA

Constant Force USA came into existence as a result of a group of individuals who saw a need for a full service organization that could provide a quick turnaround for prototypes and at the same time have the capability for high volume production. It is the goal of Constant Force USA to give our customers the highest level of service and a high quality product that will meet and exceed expectations.

### When You Need Help, We Are There

Our design team will work with you from concept through production to develop a spring that will help you get your project from paper to production.

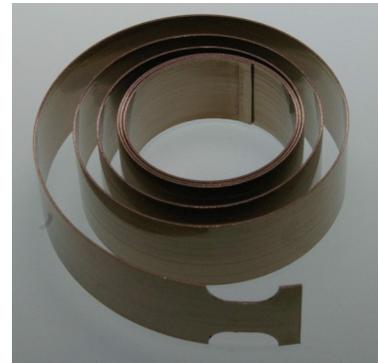

### No Project Is Too Big Or Small

Whether you have a high volume project or a prototype, Constant Force USA is equipped to handle production of the smallest to largest of projects. Constant Force USA can also perform assembly operations.

**Choose Constant Force USA today and see for yourself how we can be *The Force Behind Your Success*.**
